

## UltiMate

Dual Camera System  
3D 360°  
3G/4G - GPS

## Unique User Experience

- True handsfree operation
- 360° vision
- Intuitive user interface
- Optimized video/audio quality in mobility
- Complete Autonomy

## Total Mobility

- Fully wireless
- Ruggedized indoor and outdoor
- Network agnostic: Wi-Fi, 3G/4G, satellite
- Up to 3 hours autonomy

## Unified Communications

- Fully interoperable with videoconferencing systems
- SIP-ready, Windows 7
- Corporate IT Security Policies
- Third party applications integration

### General specifications

Rugged design  
5 inch Display (1024x600) with touch screen  
Dual camera system: headset & handheld cameras  
Microsoft Windows 7 OS  
Third party application support: MS Office, Acrobat, etc.  
Automatic adjustments to bandwidth fluctuation  
Starting communication at 100Kbps  
GPS capability

---

### HandHeld Camera

HD resolution (720p) – MPEG4 - H.264 ready - up to 30 fps  
Laser pointer: CDRH Class II, IEC Class 2 laser  
LED lights – 3 levels  
Autofocus – zoom (QVGA 3X, VGA 1.5X, HD 1X)  
White balance auto  
Snapshot shutter button  
Text video overlay  
Text video overlay – Date/Time video overlay

---

### Headset Camera & Audio

Adjustable headset  
**Video:**  
HD resolution (720p) – MPEG4 - H.264 ready  
Up to 30 fps  
White balance auto  
Zoom (QVGA 3X, VGA 1.5X, HD 1X)  
Text video overlay – Date/Time video overlay  
**Audio:**  
Integrated earphone  
Noise cancelling - Echo cancelling  
Speaker volume control  
MIC volume control - Mute MIC  
G722.1 ready  
Laser pointer: CDRH Class II, IEC Class 2 laser  
Push-to-talk

---

### Connectivity

3 USB ports, 1 HDMI port  
1 SD card slot  
1 charge DC  
1 SIM card slot

### Network

SIP ready  
UDP/TCP video & audio  
Embedded Wi-Fi 802.11a,b, g, n  
3G/4G support  
Satellite network profiles  
Maximum bandwidth settings

---

### Call Management

Address book, VPN automatically established,  
Send/Receive documents, auto answer, auto  
reconnect, recent calls, DNS lookup, conference  
management, Peer-to-peer call, conference call  
with multiple parties (with Audisoft Server), invite  
third parties, automatic login

---

### Power

Lion-Polymer rechargeable batteries  
3 hours video transmission operation on battery  
Swappable batteries  
External battery charger

---

### Security

Peer-to-peer AES encryption  
Corporate VPN support  
Support for all personal and enterprise security

---

### Plus

Operating range temperature: -20°C to 40°C  
ATEX zone 2 – IP54  
Languages: English, French  
Weight :  
Harness: 270 g  
FrontlineHD: 630 g  
Headset camera: 180 g  
Handheld camera: 120g  
Docking station: 150 g
